

EUROPEAN DATA PROTECTION

MODULES

Module 1: Data Protection Laws

Introduces key European data protection laws and regulatory bodies, describing the evolution toward a harmonised legislative framework.

Module 2: Personal Data

Defines and differentiates between types of data, including personal, anonymous, pseudo-anonymous and special categories.

Module 3: Controllers and Processors

Describes the roles and relationships of controllers and processors.

Module 4: Processing Personal Data

Defines data processing and GDPR processing principles, explains the application of the GDPR and outlines the legitimate bases for processing personal data.

Module 5: Information Provision

Explains controller obligations for providing information about data processing activities to data subjects and supervisory authorities.

Module 6: Data Subjects' Rights

Describes data subjects' rights, applications of rights and controller and processor obligations.

Module 7: Security of Processing

Discusses considerations and duties of controllers and processors for ensuring security of personal data and providing notification of data breaches.

Module 8: Accountability

Investigates accountability requirements, including data protection management systems, data protection impact assessments, privacy policies and the role of the data protection officer.

Module 9: International Data Transfers

Outlines options and obligations for transferring data outside the European Economic Area, including adequacy decisions and appropriate safeguards and derogations.

Module 10: Supervisions and Enforcement

Describes the role, powers and procedures of supervisory authorities; the composition and tasks of the European Data Protection Board; the role of the European Data Protection Supervisor; and remedies, liabilities and penalties for non-compliance.

Module 11: Compliance

Discusses the applications of European data protection law, legal bases and compliance requirements for processing personal data in practice, including employers processing employee data, surveillance, direct marketing, Internet technology and communications and outsourcing.
